

46-0101

- 1.Applicability – backup camera for Peugeot expert, citroen spacetourer and toyota proace
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0102

- 1.Applicability – backup Brake Light Camera For Citroen Jumpy/Peugeot Expert/ Toyota Proace 2007-2016
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0103

- 1.Applicability – backup camera for any flat surface at the back of a vehicle
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0104

- 1.Applicability – backup camera for New Mercedes Vito 2016
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0105

- 1.Applicability – backup camera for Mercedes Sprinter / VW Crafter brake light camera use for 2007-2019
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0106

- 1.Applicability – backup camera for Renault Trafic(2001-2014),Combo(2001-2011),Vauxhall Vivaro(2001-2014)
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0107

- 1.Applicability – backup camera for Chevy Express Van and GMC Savana 2003-2016 14 15 brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0108

- 1.Applicability – backup camera,brake light camera for Chevy Express Van and GMC Savana 2003-2016 14 15
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0109

- 1.Applicability – backup camera for Mercedes Sprinter / VW Crafter brake light camera use for 2007-2019
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0110

- 1.Applicability – backup camera for Mercedes Sprinter / VW Crafter brake light camera use for 2007-2019
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0111

- 1.Applicability – backup camera for FORD Transit brake light camera use for 2014-2015 MODEL
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0112

- 1.Applicability – backup camera for 2017 CRAFTER van brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

- 1.Applicability – backup camera for NV Passenger and Cargo Van 2009-2014 brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0113

- 1.Applicability – backup camera for 2010-2017 Nissan NV200 brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0114

- 1.Applicability – backup camera for IVECO Daily brake light camera use for 2011-2014 4 gen
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0115

- 1.Applicability – backup camera for 2008-2016 Dodge Promaster brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0116

- 1.Applicability – backup camera for 2014 Opel Vivaro / 2014 Renault Trafic brake camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0117

- 1.Applicability – backup camera for Mercedes Benz Sprinter Minivan brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0118

- 1.Applicability – backup camera for FIAT Ducato brake light camera use for late 2006-2015 3 gen, Peugeot Boxer, Citroen Jumper and so on
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0119

- 1.Applicability – backup camera for 2010-2016 Renault\_Master Nissan-NV400 Opel\_Movano brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0120

- 1.Applicability – backup camera for FIAT Ducato brake light camera use for late 2006-2017 3 gen, Peugeot Boxer, Citroen Jumper and so on
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0121

- 1.Applicability – backup Third camera for VW caddy 2003-2015 Brake light Camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0122

- 1.Applicability – backup camera for Universal cargo van Brake light Camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0123

- 1.Applicability – backup camera for RAM PROMASTER cargos van brake light camera
- 2.HD Night vision & Waterproof ,8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor. 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0124

46-0125

- 1.Applicability – backup camera for Ford Transit Custom Brake light Camera brake light camera
- 2.HD Night vision & Waterproof, .8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor, 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0126

- 1.Applicability – backup camera for VW T5/T6(2010-2017) Brake light Camera brake light camera
- 2.HD Night vision & Waterproof, .8 IR LEDs with light sensor for night mode
- 3.1/3 CMOS/CCD Sensor, 756\*504 pixels.DSP digital chip,image clarity without distortion
- 4.170 Viewing Angle: 170 degree visible range works great with the blind spot
- 5.Easy installation with no holes to be drilled; constructed of high grade automotive plastic

46-0201

- 1.This is an aftermarket tailgate and camera, not OEM. For the power supply, you can connect it to any 12V power source. For example, if you wanted the camera to always be on, you can connect it to a 12v source that is on all the time, or if you only want it when you reverse you can connect it to the reverse taillights. Includes video and power extension cable, 8 Meters.
- 2.Fits: Toyota Tundra 2007-2013
- 3.1/3" lens, 600TVL HD wide angle camera with 0.01Lux/F1.2 min. illumination. Guideline with "ON/OFF" switch.
- 4.High quality fully shielded video cable to isolate noise, ensuring HD image delivered to display monitor
- 5.Route the cable from tailgate to front dash, connect to display with universal RCA connector, you may need additional adapter (not included) if to connect factory radio

46-0202

- 1.170°Wide Viewing Angle: 170 degree visible range designed backup camera is perfect for checking unseen blind spots in your vehicle's mirrors when reversing your car. In addition, the reverse cameras would be perfect for avoiding car crashes while driving in the dark.
- 2.HD Night Version Designed: Tailgate handle cameras with hd night version designed, make pick up driver see very clear at night or in a dark underground parking garage, 1/4" PC 7080 image sensor, 420 TV lines resolution and support NTSC TV system. Total 32.5 feet cable length to cover long car bed
- 3.Easy to Install: This kit comes with all wiring and connectors you need, so you can easily install this reversing handle kits into your truck with aftermarket display. Pls Note: Monitor or navigation unit not included.
- 4.Application: The tailgate backup camera only fits for Dodge Ram 1500( Years 2009, 2010, 2011, 2012, 2013, 2014, 2015,2016, 2017), 2500+ 3500(Years 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017). Pls don't buy if there's no your car model. Thanks a lot!
- 5.12 Month Warranty: Buy with confidence! We offer 12 month replacement warranty and brand new replacement post within 24 hours if any defective product when receive. Also, we offer lifetime support and 24 hours customer service

46-0203

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for Ford F150(2005-2014),F250(2008-2016),F350(2008-2016),F450(2008-2016), F550(2008-2016).
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0204

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for Dodge Ram 1500, 2500, 3500 (Years 2002-2008).
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0205

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for 2004-2015 Toyota Tacoma.
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0206

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for ISUZU D-Max 1.9 Blue Power Spark Hi-Lander V-Cross 2016 2017 2018 UTE Pick-Up.
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0207

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for Ford F150(2005-2014),F250(2008-2016),F350(2008-2016),F450(2008-2016), F550(2008-2016).
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0208

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for FORD F-150 2015-2018 .
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0209

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for Nissan Frontier 2013-2016.
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0210

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for 2014-2015 Chevrolet Silverado/GMC Sierra Pickup.
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. weatherproof and water-resistant housing. Built-in night vision illumination LEDs
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0211

- 1.170°WIDE VIEWING ANGLE: 170 degree visible range designed backup camera is perfect for checking unseen blind spots in your vehicle's mirrors when reversing your car. In addition, the reverse cameras would be perfect for avoiding car crashes while driving in the dark.
- 2.Fits: our Car Camera w/Tailgate Handle fit for Chevy Silverado/GMC Sierra 2007-2013 Trucks
- 3.HD NIGHT VERSION DESIGN: Tailgate handle cameras with hd night version designed, make pick up driver see very clear at night or in a dark underground parking garage, 1/4" PC 7080 image sensor, 420 TV lines resolution and support NTSC TV system. Total 32.5 feet cable length to cover long car bed.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.IP 67. Waterproof housing with anti-fog lens. With a glass window on the surface that is sealed to protect camera when raining or snowing
- 5.EASY TO INSTALL: This rear view camera kit comes with all wiring and connectors you need, so you can easily install this reversing handle kits into your truck with aftermarket display

46-0212

- 1.Good Quality Backup Camera: waterproof,wide view angle camera, night vision better performance at night, parking line with "ON/OFF" switch.
- 2.Fits: our Car Camera w/Tailgate Handle fit for Toyota 2015-2022 Hilux Revo Vigo.
- 3.Applicability:this backup camera comes with all the wiring and connectors to install into your truck with aftermarket display. MONITOR OR NAVIGATION UNIT NOT INCLUDED. you may need additional adapter (not included) or interface if needed to connect factory radio.
- 4.High Quality Tailgate Handle: Do not destroy the original car style, retain the original car trunk switch function.
- 5.Bring You Safety Driving: our rear view camera is a good assistance when you do car backing.

46-0301

- 1.The Volkswagen rear view camera lets you spot any obstacles behind your car – even moving ones – quickly and easily.
- 2.Installed in the rear of your car, the reversing camera provides an additional safety and convenience feature, reducing the chances of reversing into low level obstacles.
- 3.The camera starts working as soon as you engage reverse gear. It shows the area behind the car on your touch-screen radio or radio navigation system display offering you a clear image with guidelines guaranteeing fuss-free, smooth parking.
- 4.Using the rear view camera means you'll be able to manoeuvre quickly and easily, even into the most difficult parking space. It also alerts you to low-down obstacles which parking sensors may not always detect. The reversing camera is also a great aid when you are hitching up a trailer.
- 5.Automatically switches the radio display to the rear view image as soon as the reverse gear is engaged.

46-0302

- 1.Ford OEM baseplate and emblem for a factory fit and finish, 25' PRELOOMED wiring harness – allows for quick tailgate disconnect with a single connection by the spare tire area. All other electrical connections can be made inside the cab for maximum durability and corrosion avoidance!
- 2.OEM inspired parking guidelines so that the picture will look exactly like it would have from the Ford factory
- 3.Kit includes all necessary OEM Ford mounting hardware and wire connectors
- 4.Super CMOS camera – the best available with over 600 TV lines of resolution and 170 degree view. 3 year warranty on everything!
- 5.Emblem Back-Up Camera For Select Ford Trucks (2004-2014 Ford F150 & 2008-2016 F250/350/450). Genuine Ford Camera Housing & Oval Ford Emblem Cover Used. Emblem Color: Original Dark Blue Ford Color

46-0303

- 1.Digital fill light using CCD image sensor designed for retrovision search and design, fill light and digital software technology, image clarity during the day, night, low intensity lighting.
- 2.170 ° Viewing angle wide field of view, reversing more secure with reversal of reference line (electronic rule line), distance of obstacle at a glance.
- 3.Digital photo processing chip, clear night vision, factory after high-voltage electric immersion test and 12-hour burn-in test, multi-layer waterproof, really high pressure washing and soaking water.
- 4.Video cable connected to the monitor, connect the power line power taillights, reverse, automatic monitoring system reversal to work, you can clearly see the car situation.
- 5.License mount, ideal for all vehicles that use a standard European license plate

46-0304

- 1.Digital fill light using CCD image sensor designed for retrovision search and design, fill light and digital software technology, image clarity during the day, night, low intensity lighting.
- 2.170 ° Viewing angle wide field of view, reversing more secure with reversal of reference line (electronic rule line), distance of obstacle at a glance.
- 3.Digital photo processing chip, clear night vision, factory after high-voltage electric immersion test and 12-hour burn-in test, multi-layer waterproof, really high pressure washing and soaking water.
- 4.Video cable connected to the monitor, connect the power line power taillights, reverse, automatic monitoring system reversal to work, you can clearly see the car situation.
- 5.License mount, ideal for all vehicles that use a standard European license plate

46-0305

- 1.HEAVY-DUTY LICENSE PLATE FRAME BACKUP CAMERA: Perfect for all vehicles that use a standard US license plate. It is like a plate frame mounted on the license plate, holds the license plate securely without blocking the license plate info.
- 2.MARINE GRADE WATERPROOF: Aluminum Zinc Material with IP-67 Standard waterproof , shockproof & dust-proof level, high performance in all-weather condition, Never be foggy or wet inside the camera even in a storm or serious rainy day.
- 3.WIDE VIEWING ANGLE: 170° viewing angle macro lens with mirror image give you a wide viewing vision, high sensitive color CMOS image sensor. Lens angle physically 45° adjustable on the camera, you can adjust the angle according to your needed, you can see all the blind spots behind the car.
- 4.BUILT-IN DISTANCE SCALE LINES: Built-in distance scale lines with trapezoid electronic ruler function, it's a thoughtful powerful parking camera. This makes your reversing or parallel parking job done easier and safer.
- 5.HD INFRARED NIGHT VISION CAMERA CMOS SENSOR: 8 IR LEDs night vision and excellent performance of 0.2 lux at F1.2. High definition color CMOS image sensor. The picture is actually clear during full light and also very clear in total darkness.

46-0306

- 1.Vehicle Car Camera 8 POWERFUL LEDS: Say goodbye to dangerous nighttime driving! This rearview camera is armed with 8 bright LED lights that cut through the darkness and provide much-needed illumination. Driving has never been this safe
- 2.170° VIEWING ANGLE: Blind spots be gone! With a 170° viewing angle, this car backup camera is like a second set of eyes. You'll be more aware of obstacles and other cars on the road
- 3.EASY INSTALLATION: Snap-in design, Install it behind the license plate without drilling any holes. Perfect for vehicles such as Pickup truck, bus, Van, SUV, Mini car etc
- 4.ADVANCED WATERPROOFING: Bad weather? No problem. The Glumes 8-LED Rearview Backup Camera is IP67 waterproof! Rain, Operating temperature: -20 ° + 60, fog, snow, mist, dirt, and more are no match for this amazing gadget
- 5.HIGH-RESOLUTION IMAGES: What's the point of installing a reversing camera if the resolution is blurry? At Glumes , we strive to give you the best— that's why this camera boasts crystal-clear images. Our top-notch camera includes a 1/4" color CMOS sensor, 648×488 PAL/NTSC pixels, and 480 TV lines of resolution
